

SERENA & LILY

Caring For Your Glider or Ottoman

Congratulations on your new arrival! We want you to enjoy your purchase for many years. Here are some facts and tips that will help you maintain your slipcover's quality and appearance.

HOW TO PUT ON THE SLIPCOVER

- Take the cushions off the chair.
- Carefully pull your new slipcover over the chair frame, starting from the front, moving over the top of chair, and then pull down the back.
- Once on, gently work the slipcover so that the slip cover's zippers are aligned with the corners of the chair frame. The slipcover will fit snugly, yet retain its relaxed look.
- Next, gently slide on the cushion covers, making sure that the corners of the cushions fill the corners of the slip cover.
- Replace cushions on chair.
- For an ottoman, simply place slipcover over top of the ottoman frame and pull it down.
- Fine tune the slipcover's fit by gently tugging it into place.

CARE INSTRUCTIONS

- To maintain color and sizing of your slipcovers, we recommend dry clean only.
- To remove dust, lightly brush or vacuum your slipcover on a regular basis.
- To spot clean, use a mild water-free solvent or dry cleaning product. Clean only in a well ventilated room and avoid any product containing toxic materials.
- To avoid mismatching between slipcover pieces, dry clean all pieces simultaneously.
- Some gliders may develop a "squeak" caused by dust buildup in the gliding mechanism. Use a light coating of mineral oil to resolve this issue.

MORE OPTIONS

You can easily change your glider and ottoman slipcovers for a whole new look. Custom slipcovers are available for purchase through our website or by calling our Customer Service department.
