PROJECT: Hanging Paper Hats

the inspiration:

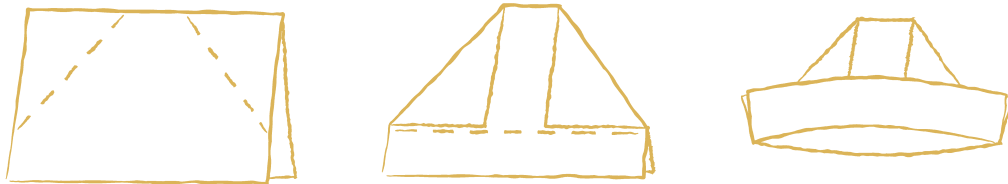

The classic newspaper hats, paper boats and origami from our childhoods.

the materials:

- Newspaper
- Craft Yarn
- Hole Punch
- Clothesline or push-pins

how-to tips:

- 1 To make a basic newspaper hat, fold a newspaper page in half horizontally. With the fold at the top, turn the top corners in to the center.
- 2 Fold up the bottom edges, then open the hat.

- 3 Use a hole punch and some craft yarn to make contrasting details.
- 4 Consider making a series that are each a little bit different and hang from a clothes line or pin to a wall for a really fun display.
